All competitors will then follow the Safety Car in single file; stragglers should catch up with the field as quickly as possible consistent with safety. Competitors may not pass the Safety Car unless they are specifically waved by.

The pit entrance will be closed from the beginning of the Safety Car intervention until the Safety Car has picked up the overall leader and main field. 23.5 - End of Operation:

- When the course is clear, the Race Director will instruct the Safety Car to extinguish its safety lights to indicate that the end of the Safety Car intervention is about to occur. The Safety Car will exit the course at the pit entrance area and the field will be under Starter's orders. On the restart, the Starter will display the green flag and the yellow flags will be dropped.

Special Safety Car procedures for a given event will be discussed at the Drivers' Briefing.

The Qualifying Driver form must be given to a pit lane official **within 30 minutes** after the end of each qualifying session. The final Qualifying Driver form must also include the nominated Starting Driver. The penalty for changing the Starting Driver after the nominating form has been submitted, is loss of qualifying position and the car will be placed at the rear of the starting grid.

Qualifying Tires: Only one (1) set of tires may be used per car in each qualifying session. All qualifying laps must be completed on that set of tires regardless of Driver. These tires must be presented at the specified technical location for marking per the official event schedule prior to participating in any qualifying session. Each car must start the race on no less than three (3) of the marked tires on which it recorded its fastest qualifying time.

TECHNICAL INSPECTIONS: All cars for the American Le Mans Series must be presented for and pass technical inspection by Saturday, 4th August at 10:30 am. Timing transponders will be provided by SPORTS CAR.

DRIVERS LOGS: To assure the accuracy of results and point awards, it is imperative that driver logs are **FILLED OUT COMPLETELY** and turned in to a pit lane official within 30 minutes after the end of the race, or the retirement of the car. Cars retiring prior to the conclusion of the race must also turn in their scoring transponder(s).

DRIVER AUTOGRAPH SESSION: A driver autograph session for **ALL** American Le Mans Series drivers has been scheduled for Saturday, 4th August from 1:15 pm to 2:00 pm - Location TBA.

CONTINGENT AWARDS: A complete list of contingent awards will be available at SPORTS CAR Registration. Decals and patches can be picked up at the SPORTS CAR Technical Trailer.
